Reply to Office Action dated 5/12/2006

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 12 May 2006. In the Official Action, the Examiner has found two inventions, namely, Group I directed to Claims 1-11, 19 and 20 drawn to a manufacturing method of a secondary battery; and Group II directed to Claims 12-18 drawn to a secondary battery device. The Examiner has required that Applicant choose Group I or Group II for further prosecution in this case.

By this Amendment and Response, Applicant has canceled Claims 12-18 and elects Group I directed to Claims 1-11, 19 and 20.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
